EDUCATION

Indian Institute Of Information Technology, Bhopal (MP)

2024 – 2028

Bachelor of Technology in Computer Science and Artificial Intelligence

Madhya Pradesh, India

- **Relevant Courses:** Competitive Programming, Computational Thinking through Programming, Database Management System, Data Structures, Design and Analysis of Algorithms, Object Oriented Programming, Software Engineering, Web Development, Computer Networks, Operating Systems, Compiler Design, Data Mining & Warehousing.

Sony Academy Senior Secondary School, Bharatpur

2024

Class XII – 93.67%

Rajasthan, India

Sony Academy Senior Secondary School, Bharatpur

2022

Class X – 93.50%

Rajasthan, India

PROJECTS

CareerPilot AI - AI-Powered Resume Analyzer

GitHub

- **Tech Stack:** React.js, JavaScript, Node.js, Express.js, MongoDB, Gemini AI, JWT, Tailwind CSS, Git, GitHub.
- Built an AI-powered resume analyzer that evaluates resumes, generates ATS scores, identifies strengths and weaknesses, and provides actionable improvement suggestions using Gemini AI.
- Implemented secure user authentication with JWT, including user registration, login, protected routes, and logout functionality.
- Developed PDF resume upload and parsing functionality, enabling users to analyze resumes directly from uploaded documents.
- Designed a responsive frontend using React.js and Tailwind CSS, along with analysis history tracking for previously evaluated resumes.

ACHIEVEMENTS

CodeChef: Rated **2 Star** with max rating **1553** through consistent practice and contest participation.

Codeforces Specialist: Achieved max rating of **1456**, demonstrating strong competitive programming, algorithmic thinking, and problem-solving ability in timed contests.

Competitive Programming Rank: Secured **Global Rank 586** in CodeChef Starters 244, competing against a large pool of programmers across divisions.

Algorithmic Proficiency: Solved **200+** **Data Structures and Algorithms problems** across LeetCode, Codeforces and CodeChef, covering arrays, strings, trees, graphs, dynamic programming, greedy algorithms, heaps, and recursion.

JEE Mains 2024: Secured **98.67 percentile** among over one million candidates nationwide and qualified for **JEE Advanced 2024**.

SKILLS SUMMARY

Languages: C++, Python, JavaScript, TypeScript, SQL, Bash

Frameworks & Libraries: FastAPI, React.js, Next.js, Node.js, Express.js, Tailwind CSS, Framer Motion, LangChain

Databases: MySQL, ChromaDB

Developer Tools: Git, GitHub, Postman, Render, VS Code

CS Fundamentals: Data Structures & Algorithms, Object-Oriented Programming, DBMS, Software Engineering, Computer Networks, Operating Systems

Soft Skills: Problem Solving, Analytical Thinking, Team Collaboration, Communication, Time Management, Adaptability

CERTIFICATIONS & EXTRACURRICULARS

- **Graphic Designing Workshop Recognition:** Received recognition for participation and performance in a graphic designing workshop organized at the institute level, demonstrating proficiency in design tools and visual communication principles.
- **Week of Wins (Unstop):** Participated in a nationwide career and skill development initiative involving learning challenges, professional growth activities, and industry-oriented engagement; completed all milestone tasks and earned performance badges.
